

BE PART OF THE PEOPLE'S CLIMATE MOVEMENT CLEVELAND DAY OF ACTION

Join us at the Cleveland People's Climate Movement Day of Action and call for our leaders to act now on climate change!

This rally will feature union members, civic faith, business, community and environmental leaders focused on turning this movement into action before it is too late. We are the first generation to see the effects of climate change and the last generation that can solve it. For example, just last year we saw hundreds of thousands of people in Toledo go without water for days due to algae blooms in Lake Erie that are being made worse by climate change and human activities. This year, the bloom is back and it is impacting our communities and our economy.

Help us bring the message to Governor Kasich and others that have the power to act but haven't. This fight to act on climate change belongs to all of us. And it is a fight we must win. Join us!

**October 14, 2015 11:00 AM - Noon
Edgewater Beach**

Between Memorial Shoreway (Route 2) and Lake Erie
